IUP GREEN DOT — IUP — EVERYONE, EVERYDAY

IT'S ON — HAVEN PROJECT

What is Green Dot?

Green Dot is a bystander intervention education program at IUP that works to reduce the rate of power-based personal violence. Any action that reduces the risk of violence in the moment, supports survivors, or creates a culture less tolerant of violence is a Green Dot! This program equips students, faculty, administrators, and staff with information about barriers to action and realistic solutions, so together we can mobilize our campus and communities. **Everyone can do green dots—no matter who you are, where you live, what you like, or what you do.** For more information, contact green-dot@iup.edu.

A Red Dot ...is a single choice someone makes to use their **words** or **behaviors** to **hurt** someone else.

A Green Dot ...is a single choice someone makes to **reduce** the **likelihood** that another red dot will occur.
