Subject: BIOL course number changes
From: "Ron See" <rfsee@iup.edu>

Gail,

Anne Kondo suggested that I send you a list of the degree programs in Chemistry:

BA – Chemistry

BS – Chemistry

BS – Chemistry/Pre-Medical Track

BS in Education – Chemistry

In each case, these now require BIOL 111, and we want the new requirement to be BIOL 202.

Yes it is a program revision, but it doesn't need the provost signature because there are no resources involved.
Go ahead and put it on Tuesday's agenda since the procedure was approved at Senate.

Gail,

She did a cover sheet to an email from Ron See, saying that Anne asked him to send you a list of the degree programs in Chemistry. They are asking that BIOL 202 replace the BIOL 111 requirement. Her post it note says not to give it a number until after senate approval. Not sure what that means...but we didn't give it a number yet. If it's a program revision, doesn't the provost have to sign it first? I've attached a scanned copy.

Sharon,

I brought over an email from Anne Kondo earlier this week when Keila was there. It was supposed to have a cover sheet put on it, be numbered and added to the docket and put on the agenda. This is one of the fast tracks for the Biology Changes. If you don't have it let me know and I can forward it.
