Part II.

1. New complete catalog description:

CO 315 Large File Organization and Access

3c-01-3sh

Prerequisite: CO 220

The organization of large computer files for business systems, information systems, and other applications. Use of advanced COBOL for efficient file access. Evaluation of file access methods and directory organizations. Introduction of random file algorithms and integrated file systems.

2. Listing of proposed change:

a. Old catalog description:

CO 315 Large File Organization and Access

3c-01-3sh

Prerequisite: CO 220

The organization of large computer files for business systems, information systems, and other applications. Use of COBOL for efficient file access. Evaluation of file access methods. Advanced topics in COBOL.

b. New complete catalog description:

CO 315 Large File Organization and Access

3c-01-3sh

Prerequisite: CO 220

The organization of large computer files for business systems, information systems, and other applications. Use of advanced COBOL for efficient file access. Evaluation of file access methods and directory organizations. Introduction of random file algorithms and integrated file systems.

c. Proposed Changes:

- 1. Addition of the word "advanced" in the description line 2.**
- 2. Addition of the phrase "and directory organizations" in line 4.**
- 3. Deletion of the phrase "advanced topics in COBOL".**
- 4. Addition of the sentence "introduction of random file algorithms and integrated file systems".**

3. Justification/rational for the changes:

- a. Changes C.1 and C.3 are editorial.**
- b. Change 2 is a more accurate description of the course content.**
- c. Change 4 emphasizes the algorithms and file design aspects of the course.**
