Part II. Description of the Curriculum Change

1) Catalog description.

GE 341 Climatology

3c-01-3sh

Elements of weather and climate and the climatic regions of the earth are studied in relation to other aspects of the physical and biological environment.

2) Proposed change.

Name change from **GE 341 Climatology I** to **GE 341 Climatology**.

3) Justification/rationale for the change.

Climatology I implies a Climatology II. We do not have nor do we intend to develop a Climatology II course.
