PART II   DESCRIPTION OF CURRICULUM CHANGE

1.   **Statement of what is to be deleted**

The course, IFMG 372: Microcomputer Applications, should be deleted.

2.   **Justification / Rationale**

This course will be replaced by other electives.

3.   **How this change will affect existing courses, programs, and students.**

Only the MIS and Decision Sciences Department uses this course. This course has not been offered in several years and much of its contents can now be found in other electives. Because of the redundant nature of the course, we recommend that it be deleted.
