## **Part II**

### **1. Catalog Description for the Revised Program**

The degree program in physical education and sport provides emphasis in subject content and skills necessary to prepare students for leadership roles in careers in the health and fitness industry and sport science. Students may select one of the four tracks which will supplement the physical education and sport degree. These include:

- A. Aquatics
- B. Exercise Science
- C. Sport Administration
- D. Athletic Training

These tracks, in some cases, will provide students the necessary course content and classroom preparation required for licensing and national certification examinations.

## **Part II**

### **2. Rationale for Tracks**

#### **Exercise Science, Aquatics, Athletic Training and Sport Administration Tracks in Physical Education and Sport**

Creation of 4 new tracks (Exercise Science, Aquatics, Athletic Training, and Sport Administration) in addition to the nutrition minor within the Physical Education and Sport major will provide students with innovative, relevant and challenging curriculum and at the same time encouraging the promotion of interdisciplinary work. For the students, course contents can be focused towards specific professions within the sport major, and in some cases towards national credentialing exams. Student internships and pre-professional experiences can be more appropriately focused to enhance opportunity for post-graduation employment.

This particular track, sport administration, utilizes the existing business minor supplemented by additional sport administration courses in the Health and Physical Education Program. The sport business industry is among the largest industries in the United States. Sport administration is the field of study offering the training and education necessary for individuals in any of the many segments of the industry. Sport management is the fastest growing sub-discipline associated with the National Association of Sport and Physical Education. The burgeoning sports industry today accounts for 4.5 million jobs and roughly 100 billion in annual revenue. Job listings for sport-related careers are plentiful and increasing day by day.

### **Part III**

- 1. How will the proposed revision affect students already in the existing program?**  
Courses that make-up the specific tracks are currently offered in the Physical Education and Sport major under the title of Controlled Electives. Therefore, students already in the program will not be affected by creation of the tracks. In addition, students have the opportunity to elect a minor in nutrition. Some students interested in careers in aquatics and athletic training may chose emphasis classes because of licensure or credentialing requirements.
- 2. How will the proposed revision affect faculty teaching loads?**  
No changes in faculty teaching loads will be required as a result of the creation of the four tracks. This sport administration track does not result in any additional new courses, however, it will require a change in liberal studies requirements from what is listed in the current college catalog for the physical education and sport degree program.
- 3. Are other resources adequate?**  
No additional resources will be required as a result of the creation of the four tracks.
- 4. Do you expect an increase of average in the number of students as a result of these revisions? If so, how will the department adjust?**  
Development of tracks will provide students with a more focused curriculum. We do not, therefore, anticipate any changes in enrollment because of these revisions at this time.

CC: JIM\_MILL, KUZNESKI,BOBCAMP  
Subj: HPE Track in Sport Administration and the use of the Business Minor as t  
he Major Thrust of the Program

Please accept this statement as a formal approval of the use of the business minor in the Sport Administration program. The Eberly College of Business will certainly be able to handle the nominal enrollment related to such a program. I have indicated previously that I thought it was a sound proposal. If I need to provide further information, please let me know.

Responses from Jim Mill 2-11-98 with reference to HPE proposals: 97-6 to 11. 97-15

97-6 Aquatics track; 97-7 Athletic training track; 97-8 HP 365; 97-9 HP 446; 97-10 HP 448; 97-11 Exercise Sci track; 97-15 Sport Admin track

UWUCC questions/concerns:

Program revision:

1. Our suggestion: add MA 105 to LS math courses. Dept. response: no, students are advised to take MA 217
2. Correct title: Sport Administration (changed throughout proposals)
3. Catalog description of program: new catalog description begins after heading "Bachelor of Science Degree (Physical Education and Sport) and replaces the current paragraph. The YMCA paragraph stays.
4. Omit "greater" in first sentence of new catalog description (from "provides greater emphasis" to "provides emphasis")
5. 97-6 and other places: HP 319 is 1-3 sh (not 3 sh--Jim will double check with catalog editor; he doesn't know how that error was made, the course is listed a var-3 in 97-98 catalog)
6. We had a concern re: faculty workload; Jim repeated that the department currently has 2 faculty and is presently hiring a 3<sup>rd</sup> with specialization in athletic training. These faculty normally teach two sections of Health & Wellness and 2 sections/courses (new). The "modalities" course will be offered in Fall and Spring and also in the summer to attract students from outside IUP
7. Internship strongly recommended (not required); "free electives" not electives; "track" not "emphasis area"
8. 97-15 correct title (Sport Administration see 2 above); e-mail received from Bob Camp; 18 credit semester corrected

New courses:

9. 97-8 objective C (changed to "discuss differences in the assessment methods utilized for athletes of varying ages, gender and developmental levels" from "discuss differences in the assessment methods utilized for athletes of varying ages, gender, developmental levels and ethnic backgrounds.")
10. 97-9 A-1 prerequisite is HP 365 (incorporates HP 345 and HP 346); change from "a course which is required for NATA" to "the content of this course is required for NATA"; also change in A-7 from course to content.
11. 97-10 A-1, A-7 same as above
12. 97-11 HP 319 (1-3 sh); BI 151 (not BI 155); inform Bio

Subject: Your Proposal for a Sports Administration/Business Minor

To: Dr. Jim Mill, Chairperson  
Health & Physical Education

From: *RCC* Robert C. Camp  
Dean

The minor in business Administration requires the following Liberal Studies prerequisites:

Social Science: EC 121 ✓

Math: MA 214 or MA 217 ✓

Liberal Studies Elec : BE/Co/IM 101, EC 122 ✓

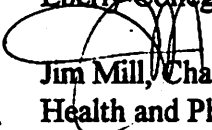

This is probably just an oversight, but your proposal shows EC 121 as a choice and doesn't list EC 122 at all.

Let me know if we need to discuss. Thanks.

**Date:** February 4, 1997

MAIL

From: GROVE::JIMMILL  
To: DARLENE\_RICHARDSON  
CC: JIMMILL  
Subj: Liberal Studies requirements

Darlene  
The HPE faculty is proposing a new Track as part of the Physical Education and Sport degree program. We are incorporating the Business Minor with courses in athletic administration for a Sport Administration emphasis. This will probably effect about 20 students per year who will opt for this emphasis. These students will be advised to take EC 121 as a social science elective in addition to PC 101 and SO151 and EC122 as a Liberal Studies elective. This is not much of a change in the liberal studies requirements that we already list for the HPE and Sport program but I thought I would advise you anyway. Would you please inform the UWCC of this notification when the proposal gets to the committee. Thanks.....And thanks for meeting with Dr. Smith regarding the Seminar class and what he has to do to have it reinstated as a "W" course.
