Course Revision

Currently:

HPED 426 Health Science Instruction

3c-0l-3sh

Course Description:

Health curriculum K-12, methods and media of instruction in health sciences.

Proposed Changes: (prerequisite change and course description change)

HPED 426 Health Science Instruction

3c-0l-3cr

Prerequisite: HPED 316

Course Description:

Overview of health curriculum K-12, with a focus on middle school and secondary health education teaching methods and media of instruction. Includes unit development, opportunities for classroom instruction, and guidelines for maintaining professional growth.

RATIONALE:

- HPED 316 Teaching Elementary Health Education provides an introduction to instruction. Students will be familiar with lesson plan development and teaching techniques before enrolling in HPED 426. This will assure students are ready for the more advanced teaching skills required in this course.

The change in the course description provides a better explanation of the content of this course.
