Part II: Description of Curriculum Change: Change of Prerequisites

New course description

1. HPED 218: Teaching Secondary Physical Education **2c-2l-2cr**

Prerequisites: EDSP 102, HPED 142, EDUC 242

An introduction to instructional methods in physical education with an emphasis on program standards, objectives, and assessments for ninth through twelfth grades. Provides an overview of characteristics of high school students and appropriate activities for this age group. Includes opportunities to improve personal skills, develop units, and teach peers and secondary school students.

Old course description

2. HPED 218: Teaching Secondary Physical Education **2c-2l-2cr**

Prerequisites: EDSP 102, HPED 142

An introduction to instructional methods in physical education with an emphasis on program standards, objectives, and assessments for ninth through twelfth grades. Provides an overview of characteristics of high school students and appropriate activities for this age group. Includes opportunities to improve personal skills, develop units, and teach peers and secondary school students.

Justification for the change

3. Under the current curriculum, students seeking teaching certification in Health and Physical Education can take all their methods courses before being admitted to the College of Education. This has resulted in some students completing several credits before making application to the teacher education program. Consequently there is the possibility they will have completed nearly 90 credits before their prestudent teaching experience. Adding EDUC 242 as a prerequisite to HPED 218 will require students to follow a more logical sequence in the teacher education program.
