Subject: Re: BIOL Course Changes

From: Elaine Blair <eblair@iup.edu>

Date: 3/24/2014 12:08 PM

To: "Gail S. Sechrist" <gailsech@iup.edu>, Chelsey Baun <c.baun@iup.edu>, Ann <annober@iup.edu>

Dear Gail,

In response to your question below, the HPE Department would like to inform the UWUCC that we want to have BIOL 104 and 106 (instead of 103 and 104) listed in our Physical Education and Sport, Athletic Training, and Health and Physical Education programs as listed below. Please approve these changes and forward them to Senate so that the catalog editor will be able to revise our listings.

Thank you for the opportunity to expedite this process.

Elaine

Dear Elaine,

The University-wide Undergraduate Curriculum Committee (UWUCC) received a request to develop a shortened way to change the BIOL requirement in all of the programs and courses that currently list BIOL 103 or BIOL 103-104 as either a Natural Science requirement or as a prerequisite for a course. The Biology Department now has three courses to choose from BIOL 103 Life on Earth, BIOL 104 Human Biology: How the Human Body Works and BIOL 106 Human Genetics and Health (see catalog descriptions below). Your program(s) and/or course(s) listed below have been identified as currently listing BIOL 103 and/or BIOL 104 as either required or recommended.

The University Senate has approved the UWUCC decision that the departments involved just needed to let UWUCC know which course(s) you would now like to see listed in your program or course via an email. Then we would approve that change and forward it to Senate and from the Senate Agenda the catalog editor will be able to revise your listing. This is just a special case to deal quickly with the impacts of the revised BIOL Natural Science sequence. Please email me at gailsech@iup.edu with the change you would like or alternately let me know if you current listing does not need to change. If you are already in the process of revising this program or course then it can just be a part of that revision and no email is necessary. Please let me know if you have any questions. Gail
