<b>Rationale for Proposed Changes</b>	
<p>Why is the program being revised?</p>	<p>The change in undergraduate and graduate course prefixes from HPED to KHSS is proposed so that course prefixes will match the newly changed department name, Kinesiology, Health, and Sport Science (KHSS). The department name was changed last year from Health and Physical Education (HPED) to KHSS. However, the course prefixes were not changed from HPED. The fact that the course prefixes now do not match the department name has caused confusion among current students, and likely prospective students, as well. Additionally, it is particularly important at this time when the department is trying to recruit new students, that course prefixes and department name are consistent.</p>
<p>Identify the <b>Program</b> Student Learning Outcomes (SLO). Mark any SLOs that are changing as a part of the Program Revision.</p>	<p>N/A</p>
<p>Implication of the Change on:</p> <ul style="list-style-type: none"> <li>- Program</li> <li>- Other programs</li> <li>- Current Students</li> </ul>	<p>Implications of this change for the program and students include enhanced departmental identity and less confusion for students and prospective students. There will be no impact on other programs.</p>
