Course Revision: SAFE 212 Hazard Prevention Management I

Part II. Description of Curriculum Change

1. New Catalogue Description

SAFE 212 Hazard Prevention Management I 3c-01-3cr

Prerequisite: SAFE 101, SAFE major or minors only or instructor permission

Teaches the fundamental concepts involved in the management of safety programs. Basic safety management terminology, safety professional code of ethics, fleet safety, and product safety are discussed. The class also discusses risk management and workers' compensation, as well as workplace violence.

2. Listing of proposed change including complete old catalog description

The change is to the prerequisites list restricting the course to SAFE majors or minors only.

Old Catalogue Description

SAFE 212 Hazard Prevention Management I 3c-01-3cr

Prerequisite: SAFE 101

Teaches the fundamental concepts involved in the management of safety programs. Basic safety management terminology, safety professional code of ethics, fleet safety, and product safety are discussed. The class also discusses risk management and workers' compensation, as well as workplace violence.

3. Justification/rational for the change

It is desired that transfer students (having the required GPA for admission) declare their majors or minors as soon as possible in order for the Department to more accurately predict demand for and scheduling of future sophomore-, junior- and senior-level SAFE courses. Also, the Department wants to avoid the situation where potential transfer students who do not have the required GPA to officially transfer into the SAFE department take most or all of the SAFE courses required for the major and still do not have the required GPA for transferring into the department, thereby forcing a decision to accept and graduate these students despite violating departmental policies of needing to have a required GPA for transferring into the department.
