b. List of associated course changes

1. The SOC prefix is amended to include SOWK (now SOC/SOWK).
2. Students taking the Minor in Sociology/Human Service will be required to take at least one 300 or 400 level course as one of their electives.

c. Rationale for changes

1. All of our programmatic language is being adjusted to SOC/SOWK to reflect the reactivation of SOWK 238.
2. With the reactivation of SOWK 238, students potentially could fulfill the minor requirements with only 200 level *electives*. The proposed change is intended to strengthen the Minor and better prepare students by ensuring that they take a minimum of one upper level *elective*.

PART III Implementation

1. How will the proposed revision affect students already in the existing program?

With the addition of SOWK 238, students in the General Sociology Minor will have more options for completing their required course work, but this change will also require students to make sure that at least one of their 3 electives is 300-400 level.

2. Are faculty resources adequate? If you are not requesting or have not been authorized to hire additional faculty, demonstrate how this course will fit into the schedule(s) of current faculty.

Current faculty resources are adequate.

3. Are other resources adequate? (Space, equipment, supplies, travel funds)

Current resources are adequate.

4. Do you expect an increase or decrease in the number of students as a result of these revisions? If so, how will the department adjust?

We do not expect these revisions to change the number of minors in our program.

Part IV -- Periodic Assessment

1. Describe the evaluation plan. Include evaluation criteria. Specify how student input will be incorporated into the evaluation process.

The Undergraduate Education Committee is charged with developing ways to address weaknesses and further strengthen programs where possible. This committee meets monthly and solicits input from various faculty, including the department chair who advises most minors. Students in sociology courses often seek advice on careers and directions for future study. All of this information is used to evaluate and improve program offerings.

2. Specify the frequency of the evaluations.

The UEC meets monthly and continuously reviews the strengths and weaknesses of our programs based on feedback from the faculty, students and chair.

3. Identify the evaluating entity.

The UEC, Department of Sociology and the College of Humanities and Social Sciences.

IV. Course Proposals

Only existing courses are being used.
