FAST FACTS

What to consider when advising student-athletes

FULL - TIME

All student-athletes must remain enrolled full-time throughout the semester to be eligible to practice and compete. Full-time enrollment is considered 12 credit hours for undergraduate students and 9 credit hours for graduate students.

NINE CREDIT RULE

A student-athlete must earn a minimum of 9 credits in the preceding full-time semester.

DECLARATION OF MAJOR

A student-athlete must declare a major by the beginning of their third year or 5th semester.

MINIMUM GPA REQUIREMENT

All student-athletes must maintain a minimum cumulative 2.0 GPA to be eligible for intercollegiate competition.

CREDIT HOUR REQUIREMENT

To be academically eligible, student-athletes must complete 24 credits during an academic year (Fall and Spring). Note that winter session is considered to be within the academic year and can be used toward this requirement.

At minimum, the student-athlete needs to complete 18 credits (nine credits per term) within the academic year to meet continuing eligibility.

FULL TIME EXCEPTION

A student-athlete in their last academic term prior to graduation may practice and compete while being enrolled less than full-time, provided the Compliance Office has received written confirmation from the Chair or Dean of their department indicating the amount of credits the student-athlete is taking during that term is what needed to satisfy graduation requirements.

Redshirt sophomore football player Lenny Williams is an accounting major who has started off the season strong leading the Hawks to a 4-0 start.

Senior field hockey player Ericka Griffith, a natural science, pre-physical therapy major, continues to excel in her final season with the Crimson Hawks.

Our student-athletes continue to have success both on and off the field.
