**Wednesday, January 15, 2020**  
**9:00 a.m. to 4:00 p.m.**

**9:00 a.m. to 9:30 a.m. - Registration – Beard Auditorium Stouffer Hall**

**9:30 a.m. to 9:50 a.m. - Tech Day Opening Session! Welcome!**

**Sessions**

**10:00 a.m. - 10:50 a.m.**

<b>Title</b>	<b>Description</b>	<b>Presenters</b>	<b>Location</b>
Next Generation Multimedia Classroom (MMC) Demonstration	Come explore 3 vendor solutions being considered for the next generation multimedia classroom rig. Per specifications developed by the ACPAC Vision Committee, 3 vendors have been identified that could meet current and future needs of the next generation digital presentation and classroom collaboration system. This session will review guiding concepts, demonstrate core functionality of each system and explore functional differences between the systems.	Various Vendors	Delaney G-5
Humans of IUP	I will be discussing my use of a "Humans of IUP" assignment in Basic Writing (ENGL 100) at IUP and looking to discuss with attendees strategies for engaging at-risk students through multimodal assignments focusing on their own lives via digital writing, photography, and social media.	Peter Sorrell	Stouffer G16C/G16D
Unraveling the Mystery of the N Grade	Attendees will leave this presentation understanding what an N grade is and what it is not. They will also know when the N grade is entered and how to enter it. They will gain insight into last date of attendance, and why it is required and important to enter. Finally, they will learn what happens after the N grade is entered.	Lynanne Black	Stouffer 112
Padlet: A No-Fuss Technology Tool that Supports an Engaging Collaborative Learning Experience	The steady growth of educational technology tools has created both opportunities and pitfalls for faculty. Regardless of the discipline, faculty may struggle with selecting the most appropriate tool to support learning outcomes. This session will provide attendees with practical examples of how the educational tool Padlet can be used to support an engaging collaborative learning experience.	Meigan Robb	Stouffer 113
Office 365 – Tips & Tricks	Increase productivity with cloud applications. Word Online vs. Desktop App. Office 365 Portal explained. Access anytime, anywhere, from any device.	Ben Dadson	Stouffer G1
Curiosity Driving Information Discovery	Curiosity and a love of learning lead students to their university and readers to their books. What technologies and tools do the Libraries offer to users who are cultivating their own sense of curiosity?	Emily Szitas	Stouffer G17

**Sessions**  
**11:00 a.m. - 11:50 a.m.**

<b>Title</b>	<b>Description</b>	<b>Presenters</b>	<b>Location</b>
Genius Bar@IUP	Do you have a quick question for IDT experts? Do you want to bring your device and ask specific questions pertaining to your use of IUP's Instructional Technology Tools such as D2L, Articulate, MS Sway, iBlog, and so much more? Then come and visit our experts at the Genius Bar.	Instructional Design Specialists: Nancy Evans & Brian Carothers	Lobby of Beard Auditorium
Transforming students Writing Process through technology: Utilizing multimedia strategies for more English learners' perseverance	How can technological tools transform the writing process for today' s English learners in ways that could increase class engagement? How can teachers incorporate multimedia strategies for more English learners' perseverance in writing classes? This presentation will explore the results of current research to answer these questions. The presenter will explore some strategies to use technology for more creative and critical thinking during the writing process in multilingual classrooms.	Hany Zaky	Stouffer G16C/G16D
IUP's New Content Management System and How You Can Prepare for the Move	IUP is preparing to move to a new content management system for the iup.edu website in 2020. We'll review the features of the new system, and what you can do to prepare your site for a successful migration.	Jessie Groll	Stouffer 112
Assessments à la carte: Tech to Apply Today!	Expand your use of technology for assessment in your classroom. In this session the presenters will share examples of how they use technology for both formative and summative assessment that educators can immediately incorporate into their teaching repertoire.	Susan Sibert, Jacqueline McGinty, Holly Rougeaux	Stouffer 113
Say Hello to FindTime (Meeting Scheduler)	Ever spent more time deciding when to meet than actually meeting? FindTime is here to solve the problem.  FindTime is an Outlook add-in and website that takes a crack at solving the age-old meeting scheduling problem. Have you ever found yourself in a situation where you want to meet with someone and have emailed them times you're available, only to have them reply that they aren't available for any of them and they suggest their own times, and then -- what do you know - - you can't make any of those? What if you're trying to schedule a meeting with two other people? Four? Across three companies? What a headache! But never fear, we have a solution!	Ben Dadson	Stouffer G1
Collaborative Writing and Design Tool Workshop	I intend to discuss and provide the opportunity for hands-on experience with several online tools - such as StackEdit and Wireframe.cc - I use for writing and design that are simple to use, freely accessible, and support collaborative design and writing work. I will discuss how I've used the tools, the use cases for the tools, and projects I've employed them in.	Chris Clouser	Stouffer G17

## Lunch on Your Own – Noon to 1:00 p.m.

### Sessions

**1:00 p.m. - 1:50 p.m.**

<b>Title</b>	<b>Description</b>	<b>Presenters</b>	<b>Location</b>
Genius Bar@IUP	Do you have a quick question for IDT experts? Do you want to bring your device and ask specific questions pertaining to your use of IUP's Instructional Technology Tools such as D2L, Articulate, MS Sway, iBlog, and so much more? Then come and visit our experts at the Genius Bar.	Instructional Design Specialists: Nancy Evans & Brian Carothers	Lobby of Beard Auditorium
Navigating Banner 9 Upgrades	Banner has made a few more upgrades to the system. Some of the new features allow customization of searching, settings and filters. We will guide users in navigating and customizing their personal settings.	Shauni Wagner	Stouffer G16C/G16D
User's Guide to the Electronic Curriculum Repository and to Curriculum Approval at IUP	The Electronic Curriculum Repository on the IUP I-Wiki can be daunting to first-time users. If you would like to create a curriculum proposal for a new or revised course, certificate, minor or even a full degree program, this session will walk you through the procedure you need to follow. This session will also explain how your proposal is evaluated and approved, both on campus and at PASSHE, and will give an update on new program approvals.	Karen Rose Cercone	Stouffer 112
Gynzy - Interactive Whiteboard Software	Gynzy is a free, interactive whiteboard software that can be used to create customized lessons or can be used to search for already existing lessons. This session will cover all of the features Gynzy has to offer. Those who choose to attend this session will learn how to create a presentation (lesson), and search for grade and content specific already made lessons.	Elizabeth Shiring and Roger Briscoe II	Stouffer 113
OneDrive	See more tips and tricks for OneDrive... Files On-Demand, Team Collaboration, Real-time Co-authoring and sharing files.	Ben Dadson	Stouffer G1
Access and Organization of IUP Libraries Web Page: Changes in Information Retrieval	During the fall 2019 semester, library faculty and staff reviewed digital resources to ensure our offerings remained in alignment with the University's academic mission while complying with budget constraints. This presentation will highlight changes in our subscription databases and provide techniques for locating and searching alternative digital resources in specific subject disciplines.	Emily Szitas and Erik Nordberg	Stouffer G17

**Sessions**  
**2:00 p.m. - 2:50 p.m.**

<b>Title</b>	<b>Description</b>	<b>Presenters</b>	<b>Location</b>
Genius Bar@IUP	Do you have a quick question for IDT experts? Do you want to bring your device and ask specific questions pertaining to your use of IUP's Instructional Technology Tools such as D2L, Articulate, MS Sway, iBlog, and so much more? Then come and visit our experts at the Genius Bar.	Instructional Design Specialists: Nancy Evans & Brian Carothers	Lobby of Beard Auditorium
Electronic Advising Resources - An Introduction	Attendees will leave this session with information for electronically obtaining, gathering, and organizing information about their advisees. Specifically, an introduction to the student advisee profile in banner will occur. Also, MyIUP from the student's perspective will be explored.	Lynanne Black	Stouffer G16C/G16D
Using WebViewer? Navigate the New Upgrades with 25LivePro!	Navigation of new space reservation software, 25Live (Room Viewer Upgrade).	Cindy Varner	Stouffer 112
Digitized Sketchnoting	Empower yourself and your students by learning the technique of "sketchnoting": taking notes that integrate images and words. Boosting information recall and creativity, sketchnotes bridge the gap between absorbing information and applying that information to writing, project planning, problem solving, and more. Add the ability to archive and curate sketchnotes in a relational digital database, and you'll soon transform the way you and your students work with information, individually and collaboratively, forever!	Daniel J. Weinstein	Stouffer 113
MS Forms – An Introduction	Quickly and easily create and generate surveys, forms, and quizzes and store the data in OneDrive. Use Forms for assessment within the classroom or quick polling among co-workers.	Holly Rougeaux	Stouffer G1
Podcast Creation: Empowering Your Students' Voice for More Culturally Responsive Teaching	Have you jumped on the podcast wave? Have you thought about creating podcasts with your students? If so, then this presentation will guide you to appropriately integrate your podcasts with your designed lesson for a more culturally responsive class. The presenter will share some of his research-based procedures to create podcasts with students using web-based tools. Participants will be provided with helpful teaching resources.	Hany Zaky	Stouffer G17

**Sessions**  
**3:00 p.m. - 3:50 p.m.**

<b>Title</b>	<b>Description</b>	<b>Presenters</b>	<b>Location</b>
Next Generation Multimedia Classroom (MMC) Demonstration	Come explore 3 vendor solutions being considered for the next generation multimedia classroom rig. Per specifications developed by the ACPAC Vision Committee, 3 vendors have been identified that could meet current and future needs of the next generation digital presentation and classroom collaboration system. This session will review guiding concepts, demonstrate core functionality of each system and explore functional differences between the systems.	Various Vendors	Delaney G-5
Supplies, Storage, Surplus, and more! The Benefits from Understanding the Central Storeroom	Have you ever wondered what all the Central Storeroom can do for you? New ways to find your supplies, store your items, surplus your unwanted items or find treasures. Learn more about our Shipping & Receiving and our very popular "Hot Shot" delivery service.	Michele Fatora	Stouffer 112
The Flipped Model of Teaching using D2L	For the past five years I have used the flipped model of teaching for my graduate Music Bibliography course. This presentation will describe how to start using the flipped model, its advantages and disadvantages, and how D2L plays a central role in flipped teaching.	Carl Rahkonen	Stouffer 113
Green Dot Bystander Intervention Training for Faculty, Staff, and Administrators	Have you wanted to get Green Dot trained and just haven't found the time? Come to the Green Dot Bystander Intervention Training during Tech Day before classes begin! Implementation of Green Dot at IUP is in its final phases and will be presented to our students in a big way this semester. This is your chance to be Green Dot trained to support our students as they begin doing Green Dots, creating positive culture change, and making our campus safer! This training is open to all faculty, staff, administrators, and graduate students. Participants will receive a certificate indicating they are Green Dot trained upon the completion of the training.	Certified IUP Green Dot Trainers	Stouffer 138
Microsoft Sway: Re-imagine Your Ideas	The workshop utilizes a Sway presentation and step-by-step verbal instructions to introduce individuals to Microsoft's Sway and how to utilize the application's interface to create dynamic presentations. In the session, we will discuss accessing Sway, choosing a design, embedding materials, accessibility and sharing the Sway to the learner's preferred platform.	Sally Russick	Stouffer G1
Digital Shred: Integrating Privacy Literacy Across the Curriculum	Learn about privacy literacy and explore how to incorporate it into your own teaching and professional practices from Penn State Berks librarians Alexandria Chisholm and Sarah Hartman-Caverly. Chisholm and Hartman-Caverly will share findings from their article in-press and connect participants to their Digital Shred Privacy Literacy toolkit, featuring resources to develop current awareness, professional self-efficacy, and privacy literacy learning experiences. Attendees will conceptualize ways to integrate privacy literacy instruction practices across the curriculum.	Alexandria Chisholm, Sarah Hartman-Caverly, Theresa McDevitt, Dan Weinstein, Aleea Perry, Veronica Paz, Melissa Calderon	Stouffer 258 (Zoom Room)
