## **Independent auditors' report**

We have audited the accompanying consolidated financial statements of IUP Research Institute (a not-for-profit corporation), a component unit of Indiana University of Pennsylvania, which comprise the consolidated statement of financial position as of June 30, 2014, and the related consolidated statements of activities and changes in net assets and cash flows for the year then ended, and the related notes to the consolidated financial statements.

### **Management's responsibility for the financial statements**

Management is responsible for the preparation and fair presentation of these consolidated financial statements in accordance with U.S. generally accepted accounting principles; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

### **Auditors' responsibility**

Our responsibility is to express an opinion on these consolidated financial statements based on our audit. We conducted our audit in accordance with U.S. generally accepted auditing standards. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the consolidated financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the consolidated financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the consolidated financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the consolidated financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the consolidated financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

### **Opinion**

In our opinion, the consolidated financial statements referred to above present fairly, in all material respects, the financial position of IUP Research Institute as of June 30, 2014, and the changes in its net assets and its cash flows for the year then ended in accordance with U.S. generally accepted accounting principles.

In accordance with *Government Auditing Standards*, we have also issued our report dated August 29, 2014 on our consideration of IUP Research Institute's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* and should be considered in assessing the results of our audit.

Our audit was conducted for the purpose of forming an opinion on the consolidated financial statements of IUP Research Institute taken as a whole. The accompanying consolidating schedules (pages 10 and 11) are presented for purposes of additional analysis and are not a required part of the consolidated financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the consolidated financial statements. The information has been subjected to the auditing procedures applied in the audit of the consolidated financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the consolidated financial statements or to the consolidated financial statements themselves, and other additional procedures in accordance with U.S. generally accepted auditing standards. In our opinion, the information is fairly stated in all material respects in relation to the consolidated financial statements as a whole.

**IUP RESEARCH INSTITUTE**  
**NOTES TO CONSOLIDATED FINANCIAL STATEMENTS**  
**FOR THE YEAR ENDED JUNE 30, 2014**

1. **ORGANIZATION**

IUP Research Institute (the Institute) is a nonprofit corporation which was founded to promote the interests of, operate for the benefit of and support of Indiana University of Pennsylvania (IUP). As such, the Institute is to engage in, foster and support research related to fields of study at IUP and to provide development and administrative services for such research. The Institute is also to disseminate information related to research to the academic community and to the public and to offer programs and services related to the procurement of funding for the actual conduct of its research and development projects.

The Institute operates under an affiliation agreement with IUP and, as such, is considered a component unit of IUP.

The Institute established on July 23, 2010 a wholly owned for profit subsidiary called IUP Research Institute Business and Technology Group, Inc. (BTG). The Institute has included BTG financial information by utilizing a consolidating financial statement with eliminations for transactions between the two entities.

2. **SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES**

**Basis of accounting**

The accompanying financial statements of the Institute have been prepared on the accrual basis of accounting which recognizes revenue when earned and expenses when incurred, in accordance with U.S. generally accepted accounting principles.

**Use of estimates**

The preparation of financial statements in conformity with U.S. generally accepted accounting principles requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

**Cash and cash equivalents**

For the purposes of reporting cash flows, the Institute and BTG considers all short-term debt securities with an original maturity of twelve months or less to be cash equivalents. Cash and cash equivalents includes all checking, savings, money market accounts, and certificates of deposit.

**Allowance for doubtful accounts**

The Institute and BTG will provide for doubtful accounts by the allowance method, if and when management feels such an allowance is necessary. Currently, there are no bad debts or doubtful accounts included in accounts receivable.

**Property and equipment**

Property and equipment used in the Institute's operations will be recorded at cost of purchase or at fair value of donation. The Institute's policy is to capitalize all property and equipment with a cost of \$5,000 or more. BTG's policy is to capitalize all property and equipment with a cost of \$1,000 or more. Depreciation will be provided using the straight-line method over the estimated useful lives of the assets. Significant renewals and betterments will be capitalized. Maintenance and repairs are charged to expenses and losses.

Property and equipment used in the grant projects will be expensed as incurred. The Institute will maintain an inventory of this property and equipment unless IUP or other contracted entities are required to maintain this property and equipment inventory.

**Restricted net assets**

The Institute reports gifts and donations of cash and other assets as restricted support if they are received with donor stipulations that limit the use of the assets. Permanently restricted net assets are those whose use by the Institute has been restricted by the donors to be maintained by the Institute in perpetuity. Temporarily restricted net assets have been limited by donors for a specific time period or purpose.

**IUP RESEARCH INSTITUTE**  
**NOTES TO CONSOLIDATED FINANCIAL STATEMENTS**  
**FOR THE YEAR ENDED JUNE 30, 2014**

2. **SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)**

**Restricted net assets (continued)**

The Institute does not have any permanently or temporarily restricted net assets as of June 30, 2014.

**Income taxes**

The Institute is organized under the nonprofit corporation laws of Pennsylvania and under Internal Revenue Code Section 501(c)(3) which exempts the Institute from state and federal income taxes. BTG is a for profit corporation and therefore subject to state and federal income taxes.

Income taxes are provided for the tax effects of transactions reported in the financial statements and consist of taxes currently due plus deferred taxes. Deferred taxes are recognized for differences between the basis of assets and liabilities for financial statement and income tax purposes. The differences relate primarily to depreciable assets (use of different depreciation methods and lives for financial statement and income tax purposes) and compensated absences (deductible for financial statement purposes but not for income tax purposes). The deferred tax assets and liabilities represent the future tax return consequences of those differences, which will either be deductible or taxable when the assets and liabilities are recovered or settled.

**Uncertain tax positions**

The Institute and BTG have adopted FASB ASC 740-10-25, *Accounting for Uncertainty in Income Taxes*. The Institute and BTG will record a liability for uncertain tax positions when it is more likely than not that a tax position would not be sustained if examined by the taxing authority. The Institute and BTG evaluate expiring statutes of limitations, audits, proposed settlements, changes in tax law, and new authoritative rulings.

The Institute's and BTG's evaluation on June 30, 2014 revealed no uncertain tax positions that would have a material impact on the financial statements. The 2010 through 2012 tax years remain subject to examination by the Internal Revenue Service. The Institute and BTG do not believe that any reasonably possible changes will occur within the next twelve months that will have a material impact on the financial statements.

**Advertising expenses**

Advertising costs are expensed as incurred. Advertising expense was \$13,210 for the year ended June 30, 2014, of this amount \$13,210 was for the Institute and \$0 was for BTG.

**Compensated absences**

Employees of the Institute and BTG are entitled to paid vacation days, which may be carried over to future periods if not used currently. The Institute's and BTG's policy is to recognize the cost of these compensated absences in the year which they are earned by the employees. Accordingly, a liability for compensated absences in the amount of \$65,053 has been included with accrued payroll on the consolidated statement of financial position for the year ended June 30, 2014. Of this amount \$47,795 is for the Institute and \$17,258 is for BTG.

**Subsequent events**

Management has evaluated subsequent events through August 29, 2014, the date the financial statements were available to be issued.

**IUP RESEARCH INSTITUTE**  
**NOTES TO CONSOLIDATED FINANCIAL STATEMENTS**  
**FOR THE YEAR ENDED JUNE 30, 2014**

3. CONCENTRATION OF CREDIT RISK

The Institute maintains cash accounts at several financial institutions and BTG maintains cash at one financial institution. The amount of cash deposits at each financial institution insured by the Federal Deposit Insurance Corporation is \$250,000. In the normal course of business, the Institute and BTG may have deposits with one of these financial institutions in excess of federal insurance coverage. At June 30, 2014, cash deposits exceeded the federal insurance coverage by a total of \$105,108. Of this amount, \$78,411 is for the Institute and \$26,697 is for BTG.

A significant portion of the Institute's contracted services is with IUP as disclosed in Note 9 and a loss of these services could have a materially adverse effect on the Institute's ability to continue its operations and research and development projects.

4. LONG-TERM DEBT

The Institute and BTG currently have no long-term debt

5. LINE OF CREDIT

The Institute currently has no line of credit. BTG has a \$100,000 line of credit with a local bank for which the Institute is the guarantor. There were no borrowings on this line of credit for the year ended June 30, 2014.

6. PENSION PLAN

The Institute and BTG have a 401(k) profit sharing plan for employees who are 21 years of age and who have at least 1,000 hours in a year of service. Eligible employees can contribute up to the maximum allowed by law. The Institute and BTG contribute 10% of each eligible employee's compensation into the pension plan. Pension expense for the year ended June 30, 2014 was \$72,009 of which \$53,977 was for the Institute and \$18,032 was for BTG.

7. LEASES

The Institute and BTG lease facilities for their offices and programs which are currently leased on a month to month basis.

Total rent expense for the year ended June 30, 2014 was \$79,620 of which \$55,620 was for the Institute's facility and \$24,000 was for BTG's facility.

8. INCOME TAXES

Deferred taxes are computed based on the expected tax liability or benefit in future years of the reversal of temporary differences in the recognition of income or deduction of expenses between financial and tax reporting purposes. The items resulting in the timing differences are accelerated depreciation and compensated absences. The net difference between tax expense and taxes currently payable is reflected in the balance sheets as deferred taxes. Deferred tax benefits and/or liabilities are classified as current or non-current based on the classification of the related asset or liability for financial reporting purposes, or based on the expected reversal date for deferred taxes that are not related to an asset or liability.

**IUP RESEARCH INSTITUTE**  
**NOTES TO CONSOLIDATED FINANCIAL STATEMENTS**  
**FOR THE YEAR ENDED JUNE 30, 2014**

8. INCOME TAXES (CONTINUED)

Amounts for deferred tax benefit and liabilities are as follows:

Long-term deferred tax asset	\$ -
Long-term deferred tax liability	<u>4,800</u>
Net long-term deferred tax asset (liability)	<u>\$(4,800)</u>

Summaries of the provisions for income taxes are as follows:

Current income tax expense (benefit)	\$ 7,770
Deferred tax expense (benefit)	<u>(800)</u>
Total provision for income tax expense (benefit)	<u>\$ 6,970</u>

9. RELATED PARTY

The Institute contracts with IUP to provide services for various research grant projects. These contracted services are in the normal course of business for both the Institute and IUP. For the year ended June 30, 2014, the Institute paid IUP for contracted services in the amount of \$928,593. The Institute owed IUP \$384,309 as of June 30, 2014, which is included in accounts payable. IUP pays a fee to the Institute for managing research grants on behalf of IUP and also pays the Institute for other services. For the year ended June 30, 2014, the total amounts paid by IUP to the Institute were \$1,039,461. IUP owed the Institute \$80,993 as of June 30, 2014, which is included in accounts receivable.

10. CONTINGENT LIABILITIES

The Institute receives funding for various federal, state and private research grants, which are subject to grant compliance requirements. The Institute is potentially liable for any expenses or transactions which may be disallowed pursuant to the grant compliance requirements. Management is not aware of any material items of noncompliance, which would result in the disallowance of any costs.

The Institute and BTG did not engage in any risk financing activities during the year ended June 30, 2014.

11. CASH HELD FOR OTHERS

The Institute holds cash for IUP faculty, deans, chairs and centers. This cash is reserved for the use of these individuals or centers. The amount of cash held for others by the Institute at June 30, 2014 was \$291,771 which was included in cash and cash equivalents. The Institute has also recorded an offsetting liability in the same amount included in other payables.

**Independent auditors' report on internal control over financial reporting and on compliance and other matters based on an audit of financial statements performed in accordance with *Government Auditing Standards***

We have audited, in accordance with U.S. generally accepted auditing standards and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States, the financial statements of IUP Research Institute which comprise the statement of financial position as of June 30, 2014 and the related statements of activities and changes in net assets and cash flows for the year then ended, and related notes to the financial statements, and have issued our report thereon dated August 29, 2014.

**Internal control over financial reporting**

In planning and performing our audit of the financial statements, we considered IUP Research Institute's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing an opinion on the financial statements but not for the purpose of expressing an opinion on the effectiveness of IUP Research Institute's internal control. Accordingly, we do not express an opinion on the effectiveness of IUP Research Institute's internal control over financial reporting.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent or detect and correct misstatements on a timely basis. A material weakness is a deficiency or combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. A significant deficiency is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deviancies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deviancies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

**Compliance and other matters**

As part of obtaining reasonable assurance about whether IUP Research Institute's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Purpose of this report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

## **Independent auditors' report on compliance for each major federal program and on internal control over compliance required by OMB Circular A-133**

### Report on compliance for each major federal program

We have audited IUP Research Institute's compliance with the types of compliance requirements described in the OMB Circular A-133 Compliance Supplement that could have a direct and material effect on each of IUP Research Institute's major federal programs for the year ended June 30, 2014. IUP Research Institute's major federal programs are identified in the summary of auditors' results section of the accompanying schedule of findings and questioned costs.

### Management's responsibility

Management is responsible for compliance with the requirements of laws, regulations, contracts, and grants applicable to its federal programs.

### Auditors' responsibility

Our responsibility is to express an opinion on compliance for each of IUP Research Institute's major federal programs based on our audit of the types of compliance requirements referred to above. We conducted our audit of compliance in accordance with U.S. generally accepted auditing standards; the standards applicable to financial audits contained in Government Auditing Standards, issued by the Comptroller General of the United States; and OMB Circular A-133, Audits of States, Local Governments, and Non-Profit Organizations. Those standards and OMB Circular A-133 require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program occurred. An audit includes examining, on a test basis, evidence about IUP Research Institute's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances.

We believe that our audit provides a reasonable basis for our opinion on compliance for each major federal program. However, our audit does not provide a legal determination of IUP Research Institute's compliance.

### Opinion on each major federal program

In our opinion, IUP Research Institute has complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on each of its major federal programs for the year ended June 30, 2014.

### Report on internal control over compliance

Management of IUP Research Institute is responsible for establishing and maintaining effective internal control over compliance with the types of compliance requirements referred to above. In planning and performing our audit of compliance, we considered IUP Research Institute's internal control over compliance with the types of requirements that could have a direct and material effect on each major federal program to determine the auditing procedures that are appropriate in the circumstances for the purpose of expressing an opinion on compliance for each major federal program and to test and report on internal control over compliance in accordance with OMB Circular A-133, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of IUP Research Institute's internal control over compliance.

*A deficiency in internal control over compliance* exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. *A material weakness in internal control over compliance* is a deficiency, or combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. *A significant deficiency in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of OMB Circular A-133. Accordingly, this report is not suitable for any other purpose.

**IUP RESEARCH INSTITUTE**  
**NOTES TO SCHEDULE OF EXPENDITURES OF FEDERAL AWARDS**  
**FOR THE YEAR ENDED JUNE 30, 2014**

1. **BASIS OF ACCOUNTING**

The accompanying schedule of expenditures of federal awards has been prepared on the accrual basis of accounting which recognizes expenditures when incurred, in accordance with U.S. generally accepted accounting principles.

2. **SUBRECIPIENTS**

The Institute provided no funding to subrecipients from the federal awards included on the schedule of expenditures of federal awards.

**IUP RESEARCH INSTITUTE**  
**SCHEDULE OF FINDINGS AND QUESTIONED COSTS**  
**FOR THE YEAR ENDED JUNE 30, 2014**

Summary of the auditors' results

1. The type of report the auditors issued on the consolidated financial statements was an unmodified opinion.
2. No reportable conditions in the internal control were disclosed by the audit of the basic consolidated financial statements.
3. No instances of noncompliance material to the financial statements were disclosed during the audit.
4. No reportable conditions in internal control over major federal programs were disclosed by the audit.
5. The auditors' report on compliance for major federal programs was an unmodified opinion.
6. The audit did not disclose any audit findings required to be reported in accordance with OMB Circular A-133.
7. The major federal programs as part of the Research and Development cluster were:
  - Monitoring & Evaluating GWW 10.902
  - Working Lands for Wild Life, CFDA No. 10.902
  - Implementing NRCS Practices, CFDA No. 10.912
  - Developing Quality Early Habitat, CFDS No. 10.902
  - Implementing NRCS Practices, CFDA No. 10.683
  - Chesapeake Bay Watershed, CFDA No. 10.902
  - PA Woodrat Genetic Assessment
  - Implementing Forestland BMP for Golden-winged Warbler
  - CERW Forest Management, CFDA No. 15.611
  - Population Assessment of Robber Frogs, CFDA No. 15.672
  - Biostratigraphic Utility, CFDA No. 47.050
  - Counseling Consulting Services, CFDA NO. 84.358
  - Phage Hunters
8. The dollar threshold used to distinguish between Type A and Type B programs is \$300,000.
9. IUP Research Institute was considered a low-risk auditee.

Findings Relating to the Financial Statements Required to be Reported in Accordance with Government Auditing Standards

Compliance Findings - None

Internal Control Findings - None

Findings and Questioned Costs for Federal Awards in Accordance with OMB Circular A-133

Compliance Findings and Questioned Costs - None

Internal Control Findings - None

**IUP RESEARCH INSTITUTE**  
**SUMMARY SCHEDULE OF PRIOR AUDIT FINDINGS**  
**FOR THE YEAR ENDED JUNE 30, 2014**

Compliance Findings

There were no prior audit compliance findings.

Internal Control Findings

There were no prior audit internal control findings.
