All Liberal Studies courses are required to include perspectives on cultures and have a supplemental reading.

Please answer the following questions.
Liberal Studies courses must include the perspectives and contributions of ethnic and racial minorities and of women whenever appropriate to the subject matter. Please explain how this course will meet this criterion.

All sections offered under the rubric of the proposed HIST 196 will include the perspectives, experiences, and contributions of women as well as racial and ethnic minorities. History courses, by focusing on the totality of the period, by necessity include the contribution of all people living in the chronological period being studied.

Liberal Studies courses require the reading and use by students of at least one non-textbook work of fiction or non-fiction or a collection of related articles. Please describe how your course will meet this criterion.

The reading and use by students of at least one or more substantial works of fiction or nonfiction in addition to a text is a requirement for all history courses.
