## INDEPENDENT AUDITORS' REPORT

Council of Trustees  
Indiana University of Pennsylvania  
of the State System of Higher Education:

We have audited the accompanying financial statements of Indiana University of Pennsylvania of the State System of Higher Education (the "University") and its aggregate discretely presented component units as of and for the years ended June 30, 2010 and 2009. These financial statements are the responsibility of the University's management. Our responsibility is to express an opinion on these financial statements based on our audits. We did not audit the financial statements of the aggregate discretely presented component units. Those financial statements were audited by other auditors whose reports thereon have been furnished to us, and our opinion, insofar as it relates to the amounts included for the discretely presented component units, is based on the reports of the other auditors.

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits and the reports of other auditors provide a reasonable basis for our opinion.

In our opinion, based on our audits and the reports of other auditors, the financial statements referred to above present fairly, in all material respects, the financial position of the University and of its aggregate discretely presented component units as of June 30, 2010 and 2009, and the respective changes in financial position and cash flows, where applicable, thereof for the years then ended in conformity with accounting principles generally accepted in the United States of America.

The University has not presented Management's Discussion and Analysis (MD&A) that accounting principles generally accepted in the United States of America has determined is necessary to supplement, although not required to be part of, the basic financial statements.

The Schedule of Funding Progress for the System Plan and REHP (OPEB) on page 41 is not a required part of the basic financial statements but is supplementary information required by accounting principles generally accepted in the United States of America. We have applied certain limited procedures, which consisted principally of inquiries of management regarding the methods of measurement and presentation of the required supplementary information. However, we did not audit the information and express no opinion on it.

**NOTES TO FINANCIAL STATEMENTS**

---

**1. NATURE OF OPERATIONS AND SUMMARY OF  
SIGNIFICANT ACCOUNTING POLICIES**

**ORGANIZATION**

Indiana University of Pennsylvania of the State System of Higher Education (the "University"), a public four-year doctoral intensive institution located in Indiana, Pennsylvania, was founded in 1875. The University is one of fourteen universities of the Pennsylvania State System of Higher Education ("PASSHE"). PASSHE was created by the State System of Higher Education Act of November 12, 1982, P.L. 660, No. 188, as amended ("Act 188"). PASSHE is a component unit of the Commonwealth of Pennsylvania (the "Commonwealth").

**REPORTING ENTITY**

In accordance with Government Accounting Standards Board ("GASB") Statement No. 39, *Determining Whether Certain Organization's Are Component Units*, an amendment of GASB 14, the University has determined that The Student Co-Operative Association, Inc. (the "Cooperative"), The College Student Union Association, Inc. (the "Student Union"), The Foundation for IUP, Inc. (the "Foundation"), The IUP Research Institute, Inc. (the "Research Institute"), and University Acquisitions, Inc. ("University Acquisitions") should be included in the University's financial statements as discretely presented component units. The component units are legally separate, tax-exempt organizations that report their financial condition and results of activities under the accounting requirements promulgated by the Financial Accounting Standards Board ("FASB"). As such, certain revenue recognition criteria and presentation features are different from GASB revenue recognition criteria and presentation features. No modifications have been made to the component unit's financial information in the University's financial reporting entity for these differences.

Complete financial statements for the component units may be obtained at the University's accounting office.

**MEASUREMENT FOCUS, BASIS OF ACCOUNTING,  
AND BASIS OF PRESENTATION**

The University functions as a business-type activity, as defined by GASB.

The accompanying financial statements have been prepared using the economic resources measurement focus and the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America, as prescribed by GASB. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows. Grants and similar items are recognized as revenue as soon as all eligibility requirements have been met. The University applies only the Financial Accounting Standards Board pronouncements issued before November 30, 1989, except for those that conflict with GASB pronouncements.

**OPERATING REVENUES**

Operating revenues of the University consist of tuition, all academic, instructional, and other student fees, grants and contracts, sales and services of educational activities, and auxiliary enterprise revenues. In addition, governmental and private grants and contracts in which the grantor receives equal value for the funds given to the University are recorded as operating revenue. All expenses, with the exception of interest expense, loss on the sale of investments, loss on the disposal of assets, and extraordinary expenses are recorded as operating expenses. Appropriations, gifts, interest income (except for interest earned by auxiliaries totaling \$211,304 in 2010 and \$382,204 in 2009, which is included in auxiliary revenues), capital grants, gains on the sale of investments, gains on the disposal of assets, parking and library fines, and governmental and private research grants and contracts in which the grantor does not receive equal value for the funds given to the University are reported as non-operating revenue.

**SCHOLARSHIP DISCOUNTS AND ALLOWANCES**

Student tuition and fee revenues, and certain other revenues from students, are reported net of scholarship discounts and allowances in the statement of revenues, expenses, and changes in net assets. Scholarship discounts and allowances are the difference between the stated charge for goods and services provided by the University and the amount that is paid by students and/or third parties making payments on students' behalf. To the extent that revenues from such programs are used to satisfy tuition and fees and other student services, the University has recorded a scholarship discount and allowance. Certain other scholarship or discount amounts are paid directly to, or refunded to, the students and are generally reflected as expenses.

## **NET ASSETS**

The University maintains the following net asset classifications:

*Invested in capital assets, net of related debt:* Capital assets, net of accumulated depreciation and outstanding principal balances of debt attributable to the acquisition, construction, repair, or improvement of those assets.

*Restricted – nonexpendable:* Net assets subject to externally imposed conditions requiring that they be maintained by the University in perpetuity.

*Restricted – expendable:* Net assets whose use is subject to externally imposed conditions that can be fulfilled by the actions of the University or by the passage of time.

*Unrestricted:* All other categories of net assets. Unrestricted net assets may be designated for specific purposes by the University's Council of Trustees.

When both restricted and unrestricted funds are available for expenditure, the decision as to which funds are used first is left to the discretion of the University.

## **CASH EQUIVALENTS AND INVESTMENTS**

The University considers all demand and time deposits, money market funds, and overnight repurchase agreements to be cash equivalents. Investments purchased are stated at fair value. Investments received as gifts are recorded at their fair value or appraised value as of the date of the gift.

## **ACCOUNTS RECEIVABLE AND LOANS RECEIVABLE**

Accounts and loans receivable consist of tuition and fees charged to current and former students, amounts due from federal and state governments in connection with reimbursements of allowable expenditures made pursuant to grants and contracts, and other miscellaneous sources.

Accounts and loans receivable are reported at net realizable value. Accounts are written off when they are determined to be uncollectible based upon management's assessment of individual accounts. The allowance for doubtful accounts is estimated based upon the University's historical losses and periodic review of individual accounts.

#### **INVENTORIES**

Inventories consist mainly of supplies and are stated at the lower of cost or market, with cost being determined principally on the weighted average method.

#### **CAPITAL ASSETS**

Land and buildings at the University's campus acquired or constructed prior to the creation of PASSHE on July 1, 1983, are owned by the Commonwealth and made available to the University. Since the University neither owns such assets nor is responsible to service associated bond indebtedness, no value is ascribed thereto in the accompanying financial statements. Likewise, no value is ascribed to the portion of any land or buildings acquired or constructed utilizing capital funds appropriated by the Commonwealth after June 10, 1983, and made available to the University.

Buildings, equipment and furnishings acquired or constructed by the University after June 30, 1983, through the expenditure of University funds or the incurring of debt, are stated at cost less accumulated depreciation, calculated using the straight-line method. All assets with a purchase cost, or fair value if acquired by gift, in excess of \$5,000 with an estimated useful life of two years or greater are capitalized. All library books are capitalized. Normal repair and maintenance expenditures are not capitalized because they neither add to the value of the property nor materially prolong useful life.

Management reviews capital assets for impairment whenever events or changes in circumstances indicate that the service utility of an asset has declined significantly and unexpectedly. Any write-downs due to impairment are charged to operations at the time impairment is identified.

#### **DEFERRED REVENUE**

Deferred revenue includes amounts received for tuition and fees, grants, corporate sponsorship payments, and certain auxiliary activities prior to the end of the fiscal year but relate to the subsequent accounting period.

#### **COMPENSATED ABSENCES**

Employees' right to receive annual leave and sick leave payments upon termination or retirement for services already rendered is recorded as a liability.

## **PENSION PLANS**

Employees of the University are required to enroll in one of three available cost-sharing multiple-employer retirement plans immediately upon employment. The University recognizes annual pension expenditures equal to its contractually required contributions to the plans.

## **INCOME TAXES**

The University, as a member of PASSHE, which is a political subdivision of the Commonwealth, is excluded from federal income taxes under Section 115(1) of the Internal Revenue Code.

## **USE OF ESTIMATES**

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

## **NEW ACCOUNTING STANDARDS**

In June 2007, GASB issued Statement No. 51, *Accounting and Financial Reporting for Intangible Assets*. Statement No. 51 establishes accounting and financial reporting requirements for intangible assets, specifically with regard to whether and when intangible assets should be considered capital assets for financial reporting purposes. The University has determined that Statement No. 51, which is effective for the fiscal year ending June 30, 2010, has no effect on its balance sheet or statement of revenue, expenses and changes in net assets. In November 2007, GASB issued Statement No. 52, *Land and Other Real Estate Held as Investments by Endowments*. Statement No. 52 establishes standards for accounting and financial reporting for land and other real estate held as investments by endowments, and specifically requires endowments to report their land and other real estate investments at fair value. The University has determined that Statement No. 52, which is effective for the fiscal year ending June 30, 2009, has no effect on its balance sheet or statement of revenues, expenses, and changes in net assets. In June 2008, GASB issued Statement No. 53, *Accounting and Financial Reporting for Derivative Instruments*. Statement No. 53 provides a comprehensive framework for the measurement, recognition and disclosure of derivative instrument transactions. The University has determined that Statement No. 53, which is effective for the fiscal year ending June 30, 2010, has no effect on its balance sheet or statement of revenue, expenses and changes in net assets.

### 3. DEPOSITS AND INVESTMENTS

The University predominantly maintains its cash balances on deposit with PASSHE. PASSHE maintains these and other PASSHE funds on a pooled basis. Although PASSHE pools its funds in a manner similar to an internal investment pool, individual PASSHE entities do not hold title to any assets in the fund. PASSHE as a whole owns title to all assets. The University does not participate in the unrealized gains or losses on the investment pool; instead, the University holds shares equal to its cash balance. Each share has a constant value of \$1, and income is allocated based on the number of shares owned. Revenue realized at PASSHE level is calculated on a daily basis and posted monthly to each entity's account as interest income. The University's portion of pooled funds totals \$55,832,875 and \$64,928,413 at June 30, 2010 and 2009, respectively.

PASSHE invests its funds in accordance with the Board's Investment Policy, which authorizes PASSHE to invest in repurchase agreements, commercial paper, obligations of the United States Treasury, agencies and sponsored entities, certificates of deposit, municipal bonds, mortgage-backed securities, asset-backed securities, banker's acceptances, and corporate bonds. Restricted nonexpendable funds and amounts designated by the Board or University trustees may be invested in the investments described above, as well as corporate equities and approved pooled common funds. For purposes of convenience and expedience, the University uses local financial institutions for activities such as cash deposits. In addition, the University may accept gifts of investments from donors as long as risk is limited to the investment itself. Restricted gifts of investments fall outside the scope of the investment policy.

In keeping with its legal status as a system of public universities, PASSHE recognizes a fiduciary responsibility to invest all funds prudently in accordance with ethical and prevailing legal standards. In addition, PASSHE recognizes that the funds in its custody can be classified according to purpose, time frame for use, source, and other similar classifications. Differential investment guidelines and objectives are required to manage various funds classifications appropriately and optimally.

Regardless of funds classifications, certain general tenets apply. Investments in all classifications seek to minimize exogenous risks while maintaining or expanding purchasing power. Adequate liquidity is maintained so assets are held to maturity. In all classifications, high quality investments are preferred. Reasonable portfolio diversification is pursued to ensure that no single security or investment or class of securities or investments will have a disproportionate or significant impact on the total portfolio. Investments are made in U.S.-based corporations. Investment performance in all classifications is monitored on a frequent and regular basis to ensure that objectives are attained and guidelines are followed. A portfolio duration target of 1.8 years is maintained with an upper limit of 2.2 years.

INDIANA UNIVERSITY OF PENNSYLVANIA  
OF THE STATE SYSTEM OF HIGHER EDUCATION  
NOTES TO FINANCIAL STATEMENTS

Safety of principal and liquidity are the top priorities for the investment of PASSHE's operating funds. Within those guidelines, income optimization is pursued. Speculative investment activity is not allowed; this includes investing in asset classes such as commodities, futures, short-sales, equities, real or personal property, options, venture capital investments, private placements, letter stocks, and unlisted securities. Collateralized mortgage obligations (CMOs) are sometimes based on cash flows from interest-only (IO) payments or principal-only (PO) payments and are sensitive to prepayment risks. The CMOs in PASSHE's portfolio do not have IO or PO structures; however, they are subject to extension or contraction risk based on movements in interest rates. PASSHE's operating funds are invested and reinvested in the following types of instruments with qualifications as provided.

<u>Investment Categories</u>	<u>Limit (% of Market Value)</u>	<u>Single Issuer (maximum)</u>	<u>Rating Limit (Moody's)</u>

At June 30, 2010 and 2009, the carrying amount of the University's demand and time deposits were \$1,441,790 and \$3,617,049, respectively, as compared to bank balances of \$1,419,914 and \$3,615,849, respectively. The difference is caused primarily by items in-transit. All bank balances were covered by federal depository insurance or were collateralized by a pledge of United States Treasury obligations held by Federal Reserve banks in the name of the banking institutions, or uninsured and uncollateralized but covered under the collateralization provisions of the Commonwealth of Pennsylvania Act 72 of 1971 ("Act 72"), as amended. Act 72 allows banking institutions to satisfy the collateralization required by pooling eligible investments to cover total public funds on deposit in excess of federal insurance. Such pooled collateral is pledged with the financial institutions' trust departments.

## 6. BONDS PAYABLE AND LONG TERM DEBT

Bonds payable consist of tax-exempt revenue bonds issued by PASSHE through the Pennsylvania Higher Educational Facilities Authority ("PHEFA"). In connection with the bond issuances, PASSHE entered into a loan agreement with PHEFA on behalf of the University under which PASSHE has pledged its full faith and credit for the repayment of the bonds. The loan constitutes an unsecured general obligation of PASSHE. PASSHE's Board of Governors has allocated portions of certain bond issuances to the University to undertake various capital projects or to advance refund certain previously issued bonds. The University is responsible for the repayment of principal and interest on its applicable portion of each obligation. The various bond series allocated to the University for the years ended June 30, 2010 and 2009, are as follows:

	Weighted Average Interest Rate	Balance July 1, 2009	Bonds Issued	Bonds Redeemed	Balance June 30, 2010

The University participates in PASSHE's Academic Facilities Renovation Bond Program (AFRP), which was established for the purpose of renovating the academic facilities across PASSHE. This program will provide \$100,000,000 in funding over the next several years. PASSHE will issue bonds to provide a pool for funding for AFRP (\$47,857,567 and \$49,354,148 was outstanding as of June 30, 2010 and 2009, respectively). Universities can request funds for AFRP projects in accordance with their pre-approved amount of funding from the pool. Repayments to the pool are made annually based on the University's proportionate share of the total allocation of funds under the program. The balance owed by the University to PASSHE's AFRP pool of funding was \$7,088,019 at June 30, 2010 and \$7,299,631 at June 30, 2009.

## **8. POSTRETIREMENT BENEFITS**

University employees who retire after meeting specified service and age requirements become eligible for participation in one of two defined healthcare benefit plans. These plans include hospital, medical/surgical, and major medical coverage, and provide a Medicare Supplement for individuals over age 65.

### ***RETIRED EMPLOYEES HEALTH PROGRAM***

#### **PLAN DESCRIPTION**

Employee members of the American Federation of State, County and Municipal Employees; Pennsylvania Doctors Alliance; and Pennsylvania Social Services Union participate in the Retired Employees Health Program (REHP), which is sponsored by the Commonwealth and administered by the Pennsylvania Employee Benefits Trust Fund (PEBTF). The REHP provides eligible retirees and their eligible dependents with health care benefits. Benefit provisions are established and may be amended under pertinent statutory authority. The REHP neither issues a stand-alone financial report nor is it included in the report of a public employee retirement system or other entity.

#### **FUNDING POLICY**

The contribution requirements of plan members and contributing entities are established and may be amended by the Commonwealth's Office of Administration and the Governor's Budget Office. Plan members receiving benefits who retired prior to July 1, 2005 are not required to make contributions. Beginning July 1, 2005, plan members receiving benefits who retire on or after July 1, 2005 contribute at a percentage of their final salary, the rate of which varies based on the plan member's retirement date. Agency member (employer) contributions are established primarily on a pay-as-you-go basis. In 2009/10, PASSHE contributed \$248.68 for each current active employee per biweekly pay period. PASSHE made contributions of \$25,318,000, \$26,131,000 and \$24,858,000 for the fiscal years ending June 30, 2010, 2009, and 2008, respectively, which equaled the required contributions for the year. The schedule of funding progress, presented as required supplementary information following the notes to the financial statements, presents multiyear trend information about whether the actuarial value of plan assets is increasing or decreasing over time relative to the actuarial accrued liabilities for benefits.

## **SYSTEM PLAN**

### **PLAN DESCRIPTION**

Employee members of the Association of Pennsylvania State College and University Faculties, the State College and University Professional Association, Security Police and Fire Professionals of America, Pennsylvania Nurses Association and management employees participate in a single-employer defined healthcare plan administered by PASSHE (the "System Plan"). The System Plan provides eligible retirees and their eligible dependents with healthcare benefits as well as tuition waivers at any of PASSHE's Universities. Act 188 empowers the Board to establish and amend benefits provisions. The System Plan is unfunded, and no financial report is prepared.

### **FUNDING POLICY**

The contribution requirements of plan members and PASSHE are established and may be amended by the Board. The System Plan is funded on a pay-as-you-go basis, i.e., premiums are paid to an insurance company and various health maintenance organizations to fund the healthcare benefits provided to current retirees. Tuition waivers are provided by the retiree's sponsoring University as they are granted. PASSHE paid premiums of \$31,830,000 and \$43,847,000 for the fiscal years ending June 30, 2010 and 2009, respectively. Plan members receiving benefits who retired prior to July 1, 2005, are not required to make contributions. Plan members receiving benefits who retire on or after July 1, 2005, contribute at various rates, depending upon when they retire, whether they are eligible for Medicare, the contribution rate in effect on the day of their retirement, the contribution rate for active employees, and applicable collective bargaining agreements. As of June 30, 2009, the maximum rate being contributed by plan members was 10% of the premium currently paid by active employees. Total contributions made by plan members were \$2,080,000 and \$1,951,000, or approximately 6.1% and 4.3% of the total premiums, for the fiscal years ending June 30, 2010 and 2009, respectively.

## ANNUAL OPEB COST AND NET OPEB OBLIGATION

The University's annual other postemployment benefit (OPEB) cost (expense) is calculated based on the annual required contribution of the employer (ARC), an amount actuarially determined in accordance with the parameters of GASB Statement 45. The ARC represents a level of funding that, if paid on an ongoing basis, is projected to cover normal cost each year and amortize any unfunded actuarial liabilities (or funding excess) over a period not to exceed thirty years. The following shows the components of the University's annual OPEB cost for the year, the amount actually contributed to the plan, and changes in the University's net OPEB obligation:

Annual required contribution	\$12,244,000
Interest on net OPEB obligation	4,397,000
Adjustment to annual required contribution	<u>(4,563,000)</u>
Annual OPEB cost (expense)	12,078,000
Contributions made	<u>(4,665,369)</u>
Increase in net OPEB obligation	7,412,631
Net OPEB obligation, beginning of year	<u>92,500,778</u>
Net OPEB obligation, end of year	<u>\$99,913,409</u>

The University's annual OPEB cost, the percentage of annual OPEB cost contributed to the plan, and the net OPEB obligation for June 30, 2009, and the two preceding years were as follows:

<u>Fiscal Year Ended</u>	<u>Annual OPEB Cost</u>	<u>Percentage of Annual OPEB Cost Contributed</u>	<u>Net OPEB Obligation</u>
June 30, 2010	12,078,000	38.6%	99,913,409
June 30, 2009	11,251,000	38.9%	92,500,778
June 30, 2008	11,364,000	29.7%	85,629,137

## FUNDED STATUS AND FUNDING PROGRESS

The funded status of the plan as of July 1, 2009, the most recent actuarial valuation date, was as follows:

Actuarial accrued liability (AAL)	\$148,463,000
Actuarial value of plan assets	<u>0</u>
Unfunded actuarial accrued liability (UAAL)	<u>\$148,463,000</u>
Funded ratio (actuarial value of plan assets/AAL)	0%
Covered payroll	<u>\$ 70,803,000</u>
UAAL as a percentage of covered payroll	<u>209.7%</u>

Actuarial valuations of an ongoing plan involve estimates of the value of reported amounts and assumptions about the probability of occurrence of events far into the future. Examples include assumptions about future employment, mortality, and the healthcare cost trend. Amounts determined regarding the funded status of the plan and the annual required contributions of the employer are subject to continual revision as actual results are compared with past expectations and new estimates are made about the future. The schedule of funding progress, presented as required supplementary information following the notes to the financial statements, presents multiyear trend information about whether the actuarial value of plan assets is increasing or decreasing over time relative to the actuarial accrued liabilities for benefits.

## ACTUARIAL METHODS AND ASSUMPTIONS

Projections of benefits for financial reporting purposes are based on the substantive plan (the plan as understood by the employer and the plan members) and include the types of benefits provided at the time of each valuation and the historical pattern of sharing of benefit costs between the employer and plan members to that point. The actuarial methods and assumptions used include techniques that are designed to reduce the effects of short-term volatility in actuarial accrued liabilities and the actuarial value of assets, consistent with the long-term perspective of the calculations.

In the July 1, 2009 actuarial valuation, the projected unit credit method was used. The actuarial assumptions included a 4.75% investment rate of return, which is an expected rate to be earned on PASSHE's operating portfolio and an annual healthcare cost trend rate of 8.5% initially, reduced by decrements to an ultimate rate of 4.8% after ten years. The UAAL is being amortized as a level percentage of payroll on a closed basis. The remaining amortization period at July 1, 2009, was 26 years.

## **9. PENSION BENEFITS**

The University's employees participate in one of three multiple-employer cost sharing retirement plans. The Public School Employees' Retirement System ("PSERS") and the Commonwealth of Pennsylvania State Employees' Retirement System ("SERS") are governmental cost-sharing multiple employer defined benefit plans. The Alternative Retirement Plan ("ARP") is a defined contribution plan administered by PASSHE.

PSERS provides retirement and disability benefits, legislative-mandated ad hoc cost-of-living adjustments, and healthcare insurance premium assistance to qualifying annuitants. The Public School Employees' Retirement Code (Act No. 96 of October 2, 1975, as amended) (24 Pa.C.S.8101-8535) is the authority by which benefit provisions are established and may be amended. The contribution policy for PSERS is established in the Public School Employees' Retirement Code and requires contributions by active members, the employer (the University), and the Commonwealth of Pennsylvania. Active members contribute at a rate of between 5.25% and 7.50% of their qualifying compensation, depending upon when the active member was hired and what benefit class is selected. The contribution rate for the University is an actuarially determined rate. The rates were 2.390% and 2.380% of annual covered payroll at June 30, 2010 and 2009, respectively. The University's contributions to PSERS for the years ended June 30, 2010, 2009, and 2008 were approximately \$142,000, \$118,000, and \$168,000, respectively, equal to the required contractual contribution. PSERS issues a comprehensive annual financial report that includes financial statements and required supplementary information for the plan. A copy of the report may be obtained by writing to Public School Employees' Retirement System, P.O. Box 125, Harrisburg, Pennsylvania 17108-0125.

SERS also provides retirement, death, and disability benefits, and legislative mandated ad hoc cost-of-living adjustments. Article II of the Commonwealth of Pennsylvania's Constitution assigns the authority to establish and amend the benefit provisions of the plan to the General Assembly. The contribution policy for SERS, as established by the State Employees' Retirement Code, requires contributions by active members and the employer (the University). The contribution rate for both active members and the University depends upon when the active member was hired and what benefits class is selected. Active members contribute at a rate of either 5.0% or 6.25% of their qualifying compensation. The University contributed at an actuarially determined rate of either 2.52% or 3.15% of an active member's annual covered payroll at June 30, 2010. The University's contributions to SERS for the years ended June 30, 2010, 2009, and 2008, were approximately \$1,388,000, \$1,346,000, and \$1,344,000, respectively, equal to the required contractual contribution. SERS issues a publicly available annual financial report that includes financial statements and required supplementary information for the plan. A copy of the report may be obtained by writing to Commonwealth of Pennsylvania State Employees' Retirement System, P.O. Box 1147, Harrisburg, Pennsylvania 17108-0125.

Because ARP is a defined contribution plan, benefits depend on amounts contributed to the plan plus investment earnings. Act 188 empowers the Board to establish and amend benefit provisions. The State Employees' Retirement code establishes the employer contribution rate for ARC, while the Board establishes the employee contribution rates. Active members contribute at a rate of 5% of their qualifying compensation. The University's contribution rate on June 30, 2010 and 2009 was 9.29% of qualifying compensation. The contributions to the ARP for the years ended June 30, 2010 and 2009 were approximately \$5,189,000 and \$4,965,000, respectively, from the University, and \$2,315,000 and \$2,672,000, respectively, from active members.

## **10. WORKERS' COMPENSATION**

The University is self-insured for workers' compensation losses. For claims prior to July 1, 1995, the University is responsible for claims less than \$100,000; for claims occurring on or after July 1, 1995, the University is responsible for claims less than \$200,000. Claims in excess of the self-insurance limits are funded through the Workers' Compensation Collective Reserve Fund (Reserve Fund) to which all PASSHE Universities contribute amounts as determined by an independent actuarial study. Based on updated actuarial studies, the University contributed \$149,900 and \$75,312 to the fund during the years ended June 30, 2010 and 2009, respectively. The University did not receive a reimbursement in 2010. The University received reimbursement of \$304 in 2009, for the University's portion of an actuarially determined excess reserve.

OF THE STATE SYSTEM OF HIGHER EDUCATION  
NOTES TO FINANCIAL STATEMENTS

---

For the years ended June 30, 2010 and 2009, the aggregate liability for claims under the self-insurance limit was \$917,872 and \$820,711, respectively. Changes in the University's claims liability amount for the fiscal year 2010 and 2009 were as follows:

	<u>2010</u>	<u>2009</u>
Balance at July 1	\$ 820,711	\$ 898,541
Current year claims and changes in estimates	410,607	411,999
Payments	<u>(313,446)</u>	<u>(489,829)</u>
Balance at June 30	<u>\$ 917,872</u>	<u>\$ 820,711</u>

## 11. CONTINGENCIES

The University is committed to future construction projects in the amount of approximately \$1,320,000 as of June 30, 2010.

The nature of the education industry is such that, from time to time, the universities of PASSHE are exposed to various risks of loss related to torts; alleged negligence; acts of discrimination; breach of contract; labor disputes; disagreements arising from the interpretation of laws or regulations; theft of, damage to, and destruction of assets; errors and omissions; injuries to employees; and natural disasters. While some of these claims may be for substantial amounts, they are not unusual in the ordinary course of providing educational services in a higher education system. The University is self-insured for workers' compensation up to stated limits (see Note 10). For all other risks of loss, the University pays annual premiums to the Commonwealth to participate in its Risk Management Program. The University does not participate in any public entity risk pools and does not retain risk related to any aforementioned exposure, except for those amounts incurred relative to policy deductibles that are not significant.

Additionally, the University has not reduced significantly any of its insurance coverage from the prior year. Settled claims have not exceeded significantly the University's commercial coverage in any of the past three years. It is not expected that the resolution of any outstanding claims and litigation will have a material adverse effect on the accompanying financial statements.

Under the terms of federal grants, periodic audits are required and certain costs may be questioned as not being appropriate expenditures under the terms of the grants. Such audits could lead to reimbursement to the grantor agencies. The University's management believes disallowances, if any, will be immaterial.

## 12. UNRESTRICTED NET ASSETS

Unrestricted net assets, as defined by GASB Statement No 35, are not subject to externally imposed stipulations; however, they are subject to internal designations. Unrestricted net assets have been internally designated at June 30, 2010 and 2009 as follows:

	<u>2010</u>	<u>2009</u>
Designated accounts for educational and general activities	\$ 27,782,720	\$ 23,659,466
Designated accounts for healthcare reserve	1,567,230	1,273,173
Designated accounts for auxiliary enterprises (operations, plant activities, and debt retirement)	12,178,146	13,337,389
Designated accounts for plant activities and debt retirement	566,345	16,134,527
Compensated absences deficit	(15,338,435)	(14,953,024)
Postretirement benefit deficit	<u>(99,913,409)</u>	<u>(92,500,778)</u>
Total unrestricted net assets	<u>\$(73,157,403)</u>	<u>\$(53,049,247)</u>

PASSHE does not require the University or its member universities to fund compensated absence or postretirement benefit net asset deficits.

## 13. DUE TO FOUNDATION FOR IUP

During the fiscal year ended June 30, 2007, the University entered into an agreement with the Foundation for Indiana University of Pennsylvania, Inc. to develop, construct and complete the interior improvements to the Student Amenity Premises of the Phase I Student Housing Facilities (Amenity Improvements). Title to the Amenity Improvements shall be vested in the Foundation until the termination or expiration of the Ground Lease agreement. The agreement stipulates the Foundation shall be reimbursed in full for the total amount of the costs incurred in connection with the design, development, and construction of the Amenity Improvements, not to exceed \$1,500,000. Interest shall accrue on the Foundation's principal investment in the Amenity Improvements at the rate of 5.2% per annum from the date of each advance by the Foundation to pay the Amenity Improvements' costs until the Foundation is reimbursed in full for the total cost of the Amenity Improvements. Such reimbursements are in the form of principal, interest and additional rent. Until December 31, 2012, the Foundation shall be reimbursed from Indiana University of Pennsylvania's portion of the Net Available Cash Flow distributed under the Ground Lease agreement according to the following schedule:

Any outstanding amount owed by Indiana University of Pennsylvania for the Amenity Improvements on December 31, 2012 is payable in full on that date. As of June 30, 2010 and 2009, the total amount of construction cost for the Amenity Improvements amounted to \$1,432,042. The work was completed on August 8, 2007.

#### **14. RELATED PARTY TRANSACTIONS – FOUNDATION FOR IUP**

##### **GROUND LEASE AGREEMENTS**

The University leases land to the Foundation for IUP, Inc. for the Foundation's Student Housing Facilities under separate Ground Lease Agreements for each phase of the Facilities construction.

##### **Ground Lease Agreement – Phase I and II:**

The University entered into the agreement as of May 1, 2007. The Foundation will pay annual base rents in the amount of \$25,000 beginning in fiscal year ended June 30, 2008 for Phase I and \$36,600 for Phase II beginning in fiscal year ended June 30, 2009. The base rent for both Phase I and II will increase by 2% in each subsequent year through the expiration date of the lease June 30, 2049. Additional rents equaling one half of one percent of actual room rental charges began in the fiscal years ended June 30, 2008, and 2009 for Phase I and Phase II, respectively.

##### **Ground Lease Agreement – Phase III:**

The University entered into the agreement as of May 1, 2008. The Foundation paid a base rent payment in the amount of \$37,713 in fiscal year ended June 30, 2010. This base rent will increase by 2% each subsequent year through the lease expiration date of June 30, 2050. Additional rents equaling one half of one percent of actual room rental charges are being paid, beginning in fiscal year ending June 30, 2010.

Ground Lease Agreement – Phase IV:

The University entered into the agreement as of May 29, 2009. The Foundation will pay a base rent payment of \$18,315 beginning in fiscal year ended June 30, 2011. This base rent will increase by 2% each subsequent year through the lease expiration date of June 1, 2051. Additional rents equaling one half of one percent of actual room rental charges will be paid beginning in fiscal year ending June 30, 2011.

Total ground lease revenues from all Phases received from the Foundation for the years ended June 30, 2010, and 2009 were \$101,055 and \$62,100, respectively.

Approximate minimum ground lease revenues for future years from all Phases are:

<u>Fiscal Year</u>	<u>Lease Revenues</u>
2010-2011	\$121,391
2011-2012	123,819
2012-2013	126,295
2013-2014	128,821
Total	<u>\$500,326</u>

**FACILITIES MANAGEMENT CONTRACT FOR STUDENT HOUSING FACILITIES**

The University has entered into Facilities Management Contracts with the Foundation to provide the Foundation with management services operating all Phases of the Foundation's Student Housing Facilities. The facility management agreements continue through June 30, 2012 for Phase I, June 30, 2013 for Phase II, June 30, 2014 for Phase III, and June 30, 2015 for Phase IV. Automatic renewal terms exist associated with these agreements. For Phases I and II of the Student Housing Facilities, the amount of the management revenue is equal to the difference between indirect project expenses for such fiscal year and the portion of indirect project expenses previously paid by the Foundation to the Manager during the fiscal year. For Phase III of the Student Housing Facilities, for the fiscal year beginning July 1, 2009, and ending June 30, 2010, the amount of the management revenue was \$418,204. For subsequent fiscal years, the amount of the management revenue shall be equal to the difference between indirect project expenses for such fiscal year and the portion of the indirect project expenses previously paid by the Foundation to the University during the fiscal year. For Phase IV of the Student Housing Facilities, the amount of the management revenue shall be equal to the difference between indirect project expenses for such fiscal year and the portion of indirect project expenses previously paid by the Foundation to the University during the fiscal year beginning July 1, 2010.

Under the terms of the Management Agreements the University collects rent, advance deposits, and other fees from the student renters then transfers the money to the Foundation. The total amount due to the Foundation at June 30, 2010 and 2009, were \$626,371 and \$454,242, respectively. Total management fees charged to the Foundation for the years ended June 30, 2010 and 2009, were \$1,130,394 and \$612,669, respectively.

#### OTHER PROPERTY LEASES

The University leases classroom space from the Foundation under a non-cancelable operating lease entered into on September 1, 2008 and terminating on August 31, 2018. Minimum lease payments to the Foundation began in the 2009/2010 fiscal year. Total rent expense for these facilities was \$430,000 for the year ended June 30, 2010. Future minimum lease payments by fiscal year are estimated at:

<u>Fiscal Year</u>	<u>Lease Payments</u>
2010-2011	\$ 426,000
2011-2012	408,000
2012-2013	408,000

### **GROUND LEASE AGREEMENT**

The University leases land to University Acquisitions, Inc. for UAI's Student Housing Facilities under a Ground Lease Agreement commencing on September 7, 2004, and expiring on June 30, 2040. Total ground lease revenues received from UAI for the years ended June 30, 2010, and 2009 were \$13,506 and \$13,113, respectively. The University is expected to cancel this lease effective October 31, 2010. Lease revenue for the period July 1, 2010 through October 31, 2010 is expected to be \$4,637.

### **FACILITIES MANAGEMENT CONTRACT FOR STUDENT HOUSING FACILITIES**

The University has entered into a Facilities Management Contract with UAI to provide UAI with management services operating UAI's Student Housing Facilities commencing on July 1, 2005, and terminating on June 30, 2010. The Facilities Management Agreement includes automatic renewals for up to six additional five year periods, consecutively. The University expects to terminate the renewed contract effective October 31, 2010.

Under the terms of the Facilities Management Agreement the University collects rent, advance deposits, and other fees from the student renters then transfers the money to UAI. The total amount due to UAI at June 30, 2010 and 2009, were \$231,445 and \$183,825, respectively. Total management fees charged to UAI for the years ended June 30, 2010 and 2009, were \$87,959 and \$85,397, respectively.

Management fee revenue from this agreement for the period July 1, 2010 through October 31, 2010 is expected to be \$30,199.

## **16. SUBSEQUENT EVENTS**

In July 2010, PASSHE issued Series AL tax-exempt revenue bonds totaling \$135,410,000. The University participated in the Series AL issue in the amount of \$33,986,017. Proceeds in the amount of \$2,521,017 were used to refinance the University's debt under Series T tax-exempt revenue bonds and proceeds in the amount of \$31,465,000 will provide funding for property upgrades, equipment additions and financing for the Kovalchick Convention and Athletic Complex.

## **17. TERMINATION BENEFITS**

In March 2010, the Board approved a Voluntary Retirement Incentive Program for both union and nonrepresented employees meeting certain age and service requirements. Eligible employees who by May 28, 2010, indicated their intent to retire between June 18, 2010, and August 27, 2010, qualify for a cash incentive payout of between \$6,000 and \$30,000, depending on base salary and years of service. As of June 30, 2010, 27 eligible University employees accepted the offer by signing a release and settlement agreement releasing PASSHE from all legal claims related to their employment and retirement. For the year ended June 30, 2010, the University recorded an expense of \$466,608 for the cash incentive and \$35,696 for associated Social Security and Medicare taxes, for a total expense of \$502,304. The cash incentive is not eligible for retirement benefits. The Association of Pennsylvania State College and University Faculties declined to participate in this program.
