FOR STUDENTS AND FACULTY

**FEBRUARY 1 & 8, 2025** 

PROUDLY PRESENTED BY THE US
DEPARTMENT OF DEFENSE,
INDIANA UNIVERSITY OF
PENNSYLVANIA, AND
WESTMORELAND COUNTY
COMMUNITY COLLEGE

#### DOD CSA AND CAPACITY BUILDING PROJECT OVERVIEW

# US Dept. of Defense Cyber Service Academy (CSA)

The DoD CSA is a federally supported program to encourage the recruitment of cyber talent to support our nation's infrastructure. Under the leadership of the Program Director, Dr. Waleed Farag, IUP and other select national universities have been awarded funding in the 2024–2025 academic year to in support of the Cyber Service Academy.

# **DoD CSA Capacity Building Project**

In additional to the scholarship recruitment award, IUP received funding for a capacity building project to reach community college students across Pennsylvania.

The goal of this project is to find additional ways to recruit more students to enter the cybersecurity workforce. This goal will be achieved through a unique blend of student and faculty development, hands-on workshops, and continued cultivation of relationships with local community colleges. As a result, this project will hold a number of workshops at surrounding community colleges.

Visit www.iup.edu/dodscholarship for details.

# Workshop Activities

Introduction to the CSA Scholarship Program

Hands-on activities using the Raspberry Pl

Guest speaker presentations by security experts

Hands-on message authentication activities

Real-world security breach and defense war stories

And much more!
