

STUDENT SAFETY WEEK

March 3-6, 2025

Join campus partners in a week-long initiative dedicated to fostering a safe and secure environment for all students at IUP.

Sign-ups for each session are required.

March 3: Stop the Bleed

This training is a course designed to teach individuals how to respond to and stop severe bleeding in emergency situations.

March 4: Narcan and Fire Safety

A session on Narcan, focusing on its importance in combating opioid overdoses.

Fire Safety: Hands-on experience using a fire extinguisher simulator and will cover essential information about the dangers posed by lithium-ion battery fires from devices such as e-scooters, laptops, and cellphones.

March 5: Hands-Only CPR and AED Training

Hands-only CPR and AED (Automated External Defibrillator) training is an essential skill for anyone, as it can save lives during emergencies like cardiac arrest.

March 6: Active Shooter

A discussion on the topic of Active Shooter scenarios, including preparedness and response strategies.

Location: Boz Leonard Hall
Time: 5PM-6PM
