Re: Nurses working remotely during winter breaks

Dear Mr. Dellett:

The parties, OPEIU Healthcare Pennsylvania, and Indiana University of Pennsylvania, have reached the following agreement in an attempt to offer nurses the opportunity to work remotely throughout the winter break period.

- The university will notify all OPEIU employees at the university of the dates that the winter break occurs.
- The university will follow the Indiana University of Pennsylvania telecommuting policy and guidelines.
- 3. Either party may withdraw from this agreement by providing a 10-day advance written notice to the other party.
- 4. This agreement expires January 19, 2025, at which time the winter break period ends.

This agreement shall not serve as a precedent nor prejudice the rights of either party in any future or pending matter.

Please signify your concurrence with the above stated terms by signing below and returning a copy to this office.
