Subj: CM 479 Course Proposal:

Jodell:

After al the fuss about finding my course proposal and finally getting it to you, I must ask that it be returned. An issue has come up in the department about prerequisites and we need to discuss it and make some changes in the proposal. Can you send it back? The department probably won't have a meeting until we get back in the spring. I know it'll depay the course quite a bit, but it's not on the schedule for the fall so it shouldn't be much of a problem.

Thanks.

Thanks

Ron Juliette

MAIL

Yes, CM 479 Electronic Imaging came in Oct. 26 and was sent to screening committee 3 on Nov. 11. Shall I return it to Ron?

Marcia

MAIL

yes, please return it to Ron. If possible, add "withdrawn" on the docket, just so we can keep track of it. I will send a note to that screening committee to let them know.

thanks
